

LearnDoEarn School Counts Credentials for High School-Junior Credential

Materials are copyrighted and may not be reproduced.

To the Student:

Congratulations!

You are a School Counts! Student!

By earning this credential, you have demonstrated that you have achieved a professional-level work ethic in your **JUNIOR YEAR** that includes:

- Being present and punctual 95% of the time.
- Consistently submitting quality work, earning a "C" in all courses.*
- Being persistent and focused, on track to graduate in eight consecutive semesters.
- Showing a willingness to go the extra mile; on track to earn more course credits than required for high school graduation.

HOW TO USE THIS CREDENTIAL:

Take this credential with you to job interviews and show your potential employer that you have what it takes to succeed in the business world.

* A grade of "D" in Algebra II, Chemistry or Physics is acceptable.

Presented by the business community in your neighborhood and across the country

SCHOOL counts! Junior Certificate awarded to _____

for meeting all the requirements of the *School Counts!* program.

Original Credential

To the Employer:

Please extend the bearer of this certificate every courtesy, providing every opportunity for this individual to obtain employment within your organization.

This student has demonstrated that he/she has developed a work ethic in school that you may find extends to performance on the job.

Studies show that if employers were to request some form of school performance record at the point of entry-level hire, they could reinforce the message that students need to hear: that learning more and doing more in school results in earning more throughout a lifetime. The discipline needed to attend school every day and be on time, to do homework and get good grades speaks volumes about later work attitudes and successful employment.

This School Counts! Certificate indicates that a student has developed and maintained a professional-level work ethic through one or more years of high school.

Make sure students know that school counts. Ask for the School Counts! Certificate whenever you interview high school students or graduates for full- or part-time entry-level positions.
