Directions to 9th graders: Check the boxes next to the commitments you can make, sign and give this card to a counselor or teacher.

I Hereby Commit to My Future!

I understand that the business community created **LearnDoEarn** to ensure that I have the information I need to get ready for my future.

As ninth grader, I know I must do certain things to make the best use of my years in high school. I hereby state that I will:

- take challenging courses in high school, especially in mathematics,
- get the best grades I can in high school,
- benchmark my proficiency in mathematics during high school,
- not take study halls,
- do all my homework,
- do extra credit assignments,
- read books over the summer and during the school year,
- achieve and maintain a 95% attendance and punctuality rate,
- sustain at least a 'C' average in my courses, and
- follow all school rules and not get in trouble in or out of school.
